

We are looking forward to welcoming customers back from May 19th and, as always, the health & safety of our customers & staff remains of the utmost importance.

While awaiting further Scottish Government updates, our capacity will continue to be limited by social distancing regulations and we ask you to bear with us as we continue to follow certain protocols in line with Government guidance.

Sanitisers

Hand sanitiser is made available at the entrance to Wildfire and outside both toilets & we politely request that customers sanitise their hands before entering the restaurant and before & after use of the toilets.

Masks

Face masks must be worn on entering/leaving the restaurant & when moving around the restaurant to visit the toilets.

Bookings

Although we have an outside seating area, this is very much weather dependant & therefore generally available on a "walk-in" basis only.

We unfortunately do not have a bar or waiting area so bookings will be staggered to avoid congestion at the entrance & we ask that you arrive promptly at your reserved time.

Tables are reserved for a maximum of 2 hours & the restaurant will close at 10.30pm.

Social distancing

Wildfire operates a 1m social distancing policy with signage throughout the restaurant. Tables have been reconfigured, Perspex screens in place where appropriate & our capacity reduced by 30%.

Enhanced cleaning

Appropriate cleaning & sanitising of tables & surfaces will take place throughout service & between customers and we allow extra turn-around time for enhanced procedures to be undertaken.

Test & Protect

All customers should be aware that in compliance with the Scottish Government regulations, contact details of ALL guests will be required.

Ventilation

We will be operating increased levels of ventilation throughout the restaurant & kitchen areas.

Payment

Contactless payment by card machine at your table is preferred & cash payments discouraged

If you or anyone else in your part or household shows symptoms of Covid 19, please cancel your booking & visit us another time.

All of the above information is for the safety & comfort of our guests & staff and we're sure most of it is second nature by now!

However, if you have any further suggestions or worries prior to your visit, please don't hesitate to get in touch and we will be happy to discuss your concerns with you.
